FEATURE PRESENTATION THIS MONTH

Lorne Lapham talks about:

“Production Tools & Techniques” on a budget

Our April 21st meeting will feature a “can’t miss” talk by Lorne Lapham. As many of you know, Lorne owns and operates a sales and rental store that offers a wide range of products and services relating to our business.

Lorne’s extensive knowledge and expertise in video and film is a real asset to business owners like ourselves who are usually looking for ways to create our Projects as cost effectively as possible. Lorne will speak to us this month on “Production Tools & Techniques” on a Budget. Lorne will also bring along some products that I’m sure we will find interesting and useful.

Our business is all about building and maintaining successful relationships, so don’t miss out on this great opportunity to do just that by meeting Lorne for the first time or reacquainting yourself with him and his company.
