

FEATURE PRESENTATION THIS MONTH

This month we have something very different and special planned.

A trip to the UBC Telestudios-March 17th-6:45 p.m.

In order to take full advantage of this unique opportunity our meeting will take on a different format.

6:45 p.m. Meet and greet

7:00 p.m. The studio will be set up with cameras, lighting and audio. See how to coordinate a conference style live event first hand.

At the UBC Telestudios you will be able to see how to set up a live feed to audience monitors, use individual audience microphones, light the venues for best results and place cameras for the highest quality shots available.

You won't want to miss this hands on meeting.

Next: Once the studio is ready, we will conduct the balance of the meeting in a conference setting. The meeting will include a presentation on how the set-up was done.

ALSO ON THE AGENDA

President's Message

Executive Reports

Proto-type of our new website by Greg Lam

Open discussion

Please Note:

We will be bringing in a professional photographer, Tim Schafli of FireFly Photo, to create individual head shots of our professional members. These head shots will be used for our new website. Please dress accordingly.
